

## Council Will Make Many Appointments

Mayor-elect Wilks And Councilmen Will Caucus This Week

A. H. Wilks, elected mayor of Sedalia on the Republican ticket will take office at the council meeting which will be held Monday night, April 20. The present council meets on that night, transacts all unfinished business and adjourns sine die. The new members of the council are then introduced, in this case only two, Mr. Wilks and Robert Overstreet, fourth ward alderman. Three others, Emmet Sullivan, Elmer C. Summers and Walter Jesse succeed themselves.

Mayor J. H. Bagby will turn the gavel over to Mr. Wilks, who will preside during the remainder of the session.

There are many appointments to be made by the new council, but whether they will be announced at this meeting or at a later one, was not known today.

### Body Divided

There are two Republicans the mayor and one alderman, A. L. Pringle, of the third ward and seven Democrats, both parties will probably "give and take" in naming appointments.

Mr. Wilks will hold a caucus with the councilmen within the next few days, and they will discuss the patronage, and probably the appointments. There are many applications for the positions.

### Appointments

Among the major appointments are the city counselor, city clerk, and city engineer. The fire department has fifteen men, including the chief and his assistant. There is an equal number in the police department, including the desk sergeant, night chief and motor-traffic officer. Other appointments are the milk inspector, sanitary and license inspector, gasoline tax collector, building and electrical inspector, scale master, caretaker of two disposal plants, caretaker of the incinerator and janitor at the city hall.

## Suit Filed By Theatre Owner

A suit, asking for \$10,000 actual and \$10,000 punitive damages, was filed in the circuit court this afternoon by Joseph T. Ghosen, owner and manager of the Uptown theatre, against A. Hugh James, Claude E. King, Robert Neumann, Charles F. King, P. Emmet Sullivan, Dan M. Carr Jr., and Stanton Hudson, all members of local No. 135, of Motion Picture Machine Operators, affiliate of International Alliance of Theatrical Stage Employees and Moving Picture Operators of the United States and Canada (except Stanton Hudson and Dan M. Carr, Jr.).

The petition states that the defendants, by certain actions, have injured his business and caused damage. Embraced in these certain actions, as set forth in the petition, are included reference to recent picketing of the theatre, passing of hand bills, throwing of a stench bomb, publication of a letter and picture of the Uptown theatre in a newspaper known as "The Sedalia Civic News, Show Chatter, printed by the defendants Hudson and Carr, owners and publishers of the Sedalia Times.

J. T. Montgomery and D. S. Lamm are attorneys for the plaintiff.

## Voluntary Enlistment For Women In Navy

WASHINGTON, April 15.—(AP)—The house naval committee approved legislation today to create a women's auxiliary reserve in the navy to relieve men for seagoing duty.

Enlistment would be voluntary and the age for admissions would be 20 years.

Rep. Shannon (D-Mo) protested that to admit women would be "wrong," but the committee approved the measure in less than 30 minutes.

### Kiwanis Speaker

Dr. J. C. Miller, president of Christian College, Columbia, will be the speaker at the noonday meeting of Kiwanis Thursday at Hotel Bothwell. Pinkney Miller is program chairman for the month.

## Uncle El

Referring to those new WPB specifications for women's slacks: when it comes to women past 30 and weighing more than 120 pounds, it would certainly improve the summer landscape, if, instead of saving no cuffs, patch pockets, flaps or belts, they just said—no slacks.

## Flames From Gas Line Explosions Near Warrensburg

Flames from escaping gas roared for two hours Tuesday afternoon after an explosion in a section of the Panhandle Eastern Pipe Line four miles west of Warrensburg. Driving near the scene at the time was Sergeant Paul E. Corl and Patrolman William Owens, of the state highway patrol. By means of the two way radio, with which their car is equipped they notified their headquarters at Lee's Summit within seconds, and the Lee's Summit station in turn notified the Pipe Line company's headquarters in Kansas City.

The picture was taken by Sergeant Corl. He was between 400 and 500 yards from the blaze and there was a distance of many yards between the cows, that do not look disturbed, and the blaze.

## Laymen Re-elect Yount

One Hundred Attend Conference At First Christian Church

T. H. Yount of Sedalia, was re-elected governor of the second district of the Laymen's League of the Christian churches of Missouri at the annual meeting held at the First Christian church on Tuesday evening. He will start his fourth term as governor having been elected to that post when the Missouri league was organized in Sedalia in 1939.

Other officers elected are: W. A. Holloway, Jefferson City, re-elected lieutenant governor; Edwin D. Bihl, Marshall, lieutenant governor; R. Lee Renick, Odessa, treasurer; C. F. Scotten, Sedalia, secretary.

Members of the nominating committee were C. L. Hanley, Sedalia; Harry Berrier Odessa, and Bihl.

### One Hundred Attend

The second district comprises 17 counties located in central Missouri. Nearly 100 persons attended the conference Tuesday. The new officers were presented at a dinner meeting held in the banquet room of the First Christian church, with Yount presiding.

Following group singing led by Charles Plumlee of Sedalia, and starting at 4 o'clock, reports of county directors and league presidents were given with John Stuart Mill of Kansas City, state secretary, presiding.

The state president, A. C. Ragsdale, Columbia, led a panel discussion. The afternoon session was concluded with a particularly timely and effective talk on the value of prayer by Sen. George H. Miller.

### Alexander Directs Singing

Group singing at the Laymen's banquet was led by Lieut. J. T. Alexander, formerly of Sedalia, now director at Kemper Military school, Boonville, who directed the Kemper vocal quartet in a group of selections.

Principal address of the evening was by James Nugent, teacher of the Men's Bible class of the Country Club Christian church, Kansas City, who presented an inspiring message.

A brief address of welcome was made by A. H. Wilks, mayor-elect of Sedalia.

The group sang special greetings to Charles Plumlee, who was celebrating his birthday on Tuesday.

## Navy Pictures For Senior Boys

Senior boys of Smith-Cotton high school, and all the high schools in Pettis county, will have an opportunity, at 4 o'clock next Tuesday afternoon, April 21 to see a moving picture on the activities of the United States navy, and to hear a talk on the navy, given by S. G. Drilling, a master mechanic in the navy.

The picture will be shown in the Smith-Cotton high school auditorium by an operator from the St. Louis recruiting station. The purpose of the assemblage is to show the young men, who are leaving school, the many opportunities offered by the navy today. There are training schools where they may learn a trade of their choice, and special opportunities offered for the duration of the war, as well as for those who want to make it their life's work.

Any other boys interested, whether in school or otherwise, are welcome.

## Proclamation

Whereas, the week of April 20 has been designated "I Pledge America Week" a time when every citizen of our state of Missouri will be called upon to sign a voluntary pledge for regular investment in defense savings bonds, and

Whereas, by signing this pledge they will indicate their intention of supporting our government and our fighting forces by purchasing defense stamps and bonds until final victory has been won, and

Whereas, this will be a huge undertaking and will require the patriotic services of many loyal citizens.

Therefore, as Mayor of the City of Sedalia, I set aside the week from April 20 to 27 as "I Pledge America Week" and ask the people of this city, to volunteer to buy stamps and bonds regularly, and to assist in every way possible in the sale of these stamps and bonds, thus helping towards a final victory for the United States.

J. H. BAGBY,  
Mayor of the City of Sedalia.

## General Hugh S. Johnson Dies

WASHINGTON, April 15.—(AP)—Gen. Hugh S. Johnson—the hard-driving, angry-tongued "iron-pants" of the World War, and the recovery period NRA, and more recently a caustic newspaper columnist—died of pneumonia today, 12 hours after writing a last column—ignoring his doctor's orders for rest.

Death came to the 59-year-old former soldier at 4:45 a.m. in a Washington hotel. He had been weakened by several months of ill health.

Although he rose from captain to a brigadier general with a Distinguished Service medal in the World War, Johnson died technically a private. President Roosevelt on last April 30 refused his reappointment as an army reserve officer.

General Johnson came to national fame in 1933, when he stormed across the country—organizing the NRA—the recovery period system of codes of practice for business and industry to keep prices and wages from being deflated.

He assailed as "chiselers," "torres," and "traitors" all those who refused to co-operate with him. When his NRA was in full swing he estimated that it had made 3,000,000 jobs and increased the country's purchasing power by \$3,000,000,000 a year.

## Urge Increasing Of Advertising

ST. LOUIS, April 15.—(AP)—Member companies of the Missouri Association of Public Utilities were urged today to increase their advertising during the war to maintain customer good will.

The advice was given by the association president, Ben C. Adams, of the Kansas City Gas company, who said at the annual convention:

"Don't let the people you serve forget the merchandise you sell. Don't decrease your advertising. Increase it. There will be a peace, you know."

### Veteran Salesman Dies

DONIPHAN, Mo., April 15.—(AP)—W. H. S. Miles, 78, veteran traveling salesman for a grocery company for over 50 years, died at his home here yesterday afternoon. He was the father of H. N. Miles, district governor for Kiwanis International. The widow and three daughters also survive.

## Senior Scouts To Kansas City

Twenty-six Girls Will Attend Two Days Conference

Twenty-six Sedalia Senior Girl Scouts will go to Kansas City Saturday to attend the Senior Girl Scout conference being held there for two days. The girls will be accompanied by qualified leaders and adults. The program for the conference:

### Saturday

Registration of Senior Scouts, Southeast high school.

Opening ceremonies with roll call from cities represented. Play, "What We Inherit as Americans."

Banquet, "We Inherit America." Interest groups:

Vocational Exploration. Out-Door Life.

Dramatics. Senior Service Scout program. Mariners.

Visit to historical points in City. Cook-out—Swope Park.

### Sunday

Church. Scouts Own—Swope Park.

Each girl will be the guest of a Senior Scout in Kansas City and will be entertained in her home. The Senior Scouts attending the conference from here are: Mary Behen, Ann Hurley, Patty Ann Sullivan, Shirley Weimholt, Earleen Paxton, Doris Mae Russell, Ann Mehl, Dorothy Edwards, Virginia Lee Sharpe, LaVonne Wright, Betty Leake, Frankie June Rodgers, Lydia Gerster, Marian Wade, Winifred Griswold, Virginia Lindstrom, Gene Sullivan, Jo Ann Connelly, Dorothy Dean, Marian Miller, Betty Gerster, Margaret Kahrs, Betty Ann Harrison, Beety Rowe, Dorothy Sue Roe, Aileen Snyder, Betty Musso and Ruth Elaine Scruton.

After noting that the former French ship was taken over by the navy on December 24, 1941, the report said:

"It was first thought that the Normandie might be used as an airplane carrier. Then, this idea was discarded as well as one of making a boxed plane cargo ship out of it. Later, it was thought that she could be converted for use as a unit loaded transport operated by navy and coast guard personnel. It was then decided to turn her over to the army and orders were issued to that effect, but within two weeks that was given up and it was finally decided that the navy should retain control of the vessel, manager and use her for a unit loaded transport vessel. These various decisions resulted in delay in the conversion of the ship, for changes had to be made from one plan to another in the conversion for different purposes."

## Indict Alderman On Lug Charge

ST. LOUIS, April 15.—(AP)—Alderman Edward L. Duke, Republican, was charged today in an indictment with obtaining money under false pretenses by exacting an alleged \$80 lug from a girl clerk in the city water department.

The employee, Miss Jane Seymour, accused the 46-year-old alderman of having taken the money in eight \$10 monthly payments under the representation he had used his influence to get her the city job.

Assistant Circuit Attorney George D. Chopin said the girl actually was placed in the position through an efficiency board examination. Her salary is \$130 a month.

Duke made no comment on the charge when he was arrested last night and released on \$1,000 bond. He had said previously, however, "nobody ever paid me a dime for getting them a job. There is a frameup somewhere."

Grand jury consideration of the case was ordered by Mayor William Dee Becker after he had received an affidavit from Miss Seymour telling of the alleged payments. Duke, representing the twenty-third ward, was elected to office in 1941.

### Checks For Judges and Clerks of Election Ready

The checks for the election clerks and judges are now ready and may be had by calling at the office of the city clerk, in the city hall building.

### Parking Meters In Nevada

NEVADA, Mo., April 14.—(AP)—Parking meters have been installed in the Nevada business district for a six-months trial.

## Carelessness Given As Cause For Liner Loss

Many Opportunities For Sabotage On The Normandie

WASHINGTON, April 15.—(AP)—A house naval subcommittee blamed "carelessness and lack of proper supervision" today for the fire which damaged the liner Normandie in New York but reported that opportunities for sabotage were "abundant."

Concluding a two months investigation, the subcommittee issued a long report sharply critical of government handling of the big ship and disclosed that orders had been given for it to sail on February 14 five days after it burned and capsized.

Asserting that the fire unquestionably started from sparks from a blow torch which ignited life preservers, the subcommittee said investigation failed to disclose any persons intent on acts of sabotage and said the fire "was not started with wilful or malicious intent."

### No Supervision

"There is no escape from the conclusion, however, that the cause and consequences of the fire may not be attributed to carelessness and lack of proper supervision," the report said.

"There was no evidence to indicate that the fire on the Normandie may be attributed to sabotage. . . . Opportunities for sabotage or almost any subversive activity were, however, abundant on the Normandie. . . . That the fire may not be attributed to sabotage is only indicative, therefore, of the fact that saboteurs, if there were any, did not deem the time ripe for sabotage."

The subcommittee made 23 recommendations intended to prevent a repetition of such a fire one of which was that operation of United States merchant vessels should be placed under the jurisdiction of the secretary of the navy.

### "Undue Haste"

The report said it was difficult to place the responsibility for acts of carelessness on any one individual but did say there was "undue haste, indecision and lack of careful planning in connection with the conversion of the Normandie."

After noting that the former French ship was taken over by the navy on December 24, 1941, the report said:

"It was first thought that the Normandie might be used as an airplane carrier. Then, this idea was discarded as well as one of making a boxed plane cargo ship out of it. Later, it was thought that she could be converted for use as a unit loaded transport operated by navy and coast guard personnel. It was then decided to turn her over to the army and orders were issued to that effect, but within two weeks that was given up and it was finally decided that the navy should retain control of the vessel, manager and use her for a unit loaded transport vessel. These various decisions resulted in delay in the conversion of the ship, for changes had to be made from one plan to another in the conversion for different purposes."

## No Blackout Concern Here

A warning on blackout material has been issued by Keith Martin, chairman of the camouflage and blackout committee of the state Council of Defense, to all chairmen of county councils. He states:

"At the present time the War Department considers only areas within 300 miles of our oceans to be in immediate danger from air raids. The State of Missouri is not within these declared areas of alert. Consequently there is no immediate necessary of making complete preparations for blackouts."

"However, civilian organization for air raid protection is in full swing under the direction of the Office of Civilian Defense. Through this organization you will be notified what preparations are mandatory and at such time as the War Department considers this part of the country in danger.

"In the meantime, do not procure any suggestively advertised blackout accessories such as blue lamp bulbs, blackout candles, blackout paints, opaque window drapes, automobile headlight hoods, etc. In the first place such action would be premature and might be a useless expense. In the second place these accessories probably do not have the necessary approval of the U. S. Army Engineers which can be readily confirmed by your local Civilian Defense Office.

"Of the greatest importance now is the need for your participation in your local Civilian Defense organization. This training program for specific responsibility in case of air raids is fundamental assurance of maximum protection."

# United States Air Force Makes Smashing Attack On Japanese Occupied Philippine Islands

Relations Between United States And France Are At The Breaking Point

By WADE WERNER

WASHINGTON, April 15.—(AP)—The United States and Vichy France neared a break today, with the recall of Ambassador William D. Leahy generally expected in informed quarters.

The state department withheld any official indication of its reaction to the return of collaborationist Pierre Laval to a key position in the Vichy regime pending a report from Admiral Leahy.

A high government source frankly conceded last night, however, that a complete re-examination of American relations with Vichy was necessary. Whether this would lead to a final rupture of diplomatic relations was a matter on which observers here disagreed.

Recall of Leahy could, of course, take place without a formal severance of relations, leaving the situation between the American and Petain governments the same as that between Washington and Berlin in the months preceding actual warfare.

There was such conjecture as to the possibility of a more positive and all-out support of the Free French government.

### Concern Over Outcome

What Hitler and the Japanese might be expecting to get out of the new turn in Laval's fortunes was a matter of grave concern here. Officials re-examining the whole structure of Vichy-Washington relations considered these questions:

The French fleet. The allies are seriously engaged in the Pacific and Indian oceans the Germans are known to be preparing the battleships Tirpitz, Scharnhorst and Gneisenau, the aircraft carriers Graf Zeppelin and Deutschland and other strong units for an Atlantic adventure and to be coveting what French warships escaped British guns at Oran or immobilized at Alexandria. Under German control or under orders to collaborate with Germany, warships of the French fleet now based at Toulon could be a serious menace to the allied position, not only in the Mediterranean but also in the North Atlantic.

### Putting Pressure On Japan

Madagascar. This strategic French island, now under Vichy control, may become the key to the battle for India and the British fight to keep a foothold in the middle east. The Japanese fleet already is cruising the Indian ocean. With a base on Madagascar the Japanese position in the vital Indian theater would be

## Community Chest Drive Lagging

"Applied Christianity" is one of the best definitions to be given of a Community Chest, such as a drive that is underway in Sedalia this week. Sedalia business and professional men, housewives, business and professional women are working untiringly to put the \$10,800 drive over the top, but to date Sedalia, itself, is slow to respond.

The drive opened Monday morning with a breakfast and several teams made their reports that day, Tuesday others reported, and today several teams of women's division have made reports. The total subscription, up until 2 o'clock this afternoon was \$2,888.23, barely twenty-five percent of the desired amount necessary.

Included in the above total, subscribed to date, are several subscriptions of \$100.

William Brown, chairman of the Chamber of Commerce charity and solicitation committee, and Judge Dimmitt Hoffman, chairman of the community chest drive are appealing to every Sedalian, not to wait until some worker contacts them, but to call the Chamber of Commerce office and ask for a worker who will be glad to call upon them and obtain their subscription. The Chamber of Commerce office is open until 6 o'clock each evening this week, and those who care to do so, may stop there and leave their subscriptions.

### Red Cross Class Tonight

The Red Cross first aid class taught by Dr. A. R. Maddox will meet at 7:30 o'clock tonight at the Y. M. C. A. building.

Subjects to be discussed are artificial respiration and fractures. There are 21 enrolled in the class.

## Streamlined

UNITED STATES ARMY HEADQUARTERS IN AUSTRALIA, Thursday, April 16.—(AP)—Lieut. Col. J. H. Davies, who led one group of the United States army B 25 bombers which attacked Japanese bases in the Philippines Monday and Tuesday, said today that "we smashed hell out of 'em and gained at least a little revenge for members of our squadron who fought in the front trenches in Bataan."

Davies and his crew had hoped to reach their objectives in time to relieve their friends on the Bataan front, but found that Bataan already had fallen and many of their friends were missing, killed, wounded or captured.

Consequently they pressed home the attacks with complete disregard of their own safety and, as Davies said, "cut the score down a little."

France's aged chief of state Petain was reported seeking an eleventh hour means of avoiding a break with the United States late today even as France's new role in the war assumed grave importance on the basis of German reports that the French army would be reorganized.

Advices reaching Bern, in Switzerland said Petain still hoped to prevent an open rupture while his new No. 1 aide, the pro-Nazi Pierre Laval, returned to Paris to report on his progress to German collaboration agents.

### NEW DELHI, April 15.—(AP)—

The British and Chinese troops have been forced to fall back before the relentless pounding of the Japanese who now are within 30 miles of the Burma oil area, the British announced today.

CHUNGKING, China, April 15.—(AP)—The Japanese are launching a major offensive in the southern Shan states in Burma, the Chinese announced tonight.

## Enthusiastic Shops Meeting

The most enthusiastic meeting ever held at the local Missouri Pacific shops was held during the noon hour today in the interest of the Community Chest drive now under way in Sedalia.

A number of talks were made by various speakers and all were inspiring and all present listened very attentively. A number of business men of the city were in the crowd present.

G. T. Callender, superintendent of the shops, presided, and introduced the speakers.

### 557 Traffic Arrests In St. Louis

ST. LOUIS, April 15.—(AP)—Spurred by three more automobile deaths, this city's most stringent safety campaign moved into its fifth day today with a total of 557 traffic arrests.

Police in city-wide sweeps nabbed 179 motorists for traffic violations yesterday.

The 1942 street toll now is 58, more than twice the 25 deaths for a similar period last year.

## British Concede Japanese Are Within 30 Miles Of Heart Of Burma Oil Fields

UNITED STATES ARMY HEADQUARTERS IN AUSTRALIA, April 15.—(AP)—American army bombers smashed Japanese shipping, planes, bases, docks and troop concentrations at four points in the Philippines Monday and Tuesday in a 4,000-mile round trip raid from Australia—the longest-range destructive air attack in the entire course of the Pacific war.

These spectacular blows by 13 U. S. planes were announced tonight in a communique giving remarkable evidence that General Douglas MacArthur, supreme commander in the southwest Pacific, was not speaking idly when on his arrival in Australia from the Philippines in mid-March he declared: "I came through and I will return."

The American offensive was accomplished with loss of only one plane whose crew was saved.

The raiders struck with destructive fury at Nichols Field, near Manila, at Davao, Cebu and Batangas.

Five Japanese transports and supply ships were listed as sunk and at least three others hit directly, plus a toll of Japanese planes destroyed on the ground and in the air.

### Blows Effective

Particularly effective blows were announced against Davao, on the southern island of Mindanao, where Japanese troops were bombed, docks and warehouses hit, two troop transports hit two planes destroyed and several damaged.

At Cebu, central Philippine island now under Japanese attack, three of the invader transports were sunk and two damaged and three planes were destroyed.

### Details Yet Unknown

(Details of the attack, the points raided and the take-off bases of the United States striking force were not forthcoming immediately.)

(The distance from Darwin, the nearest point in Australia to Manila is 2,000 miles — a 4,000-mile round trip. From Darwin to Davao, in the southern islands of Mindanao, is 1,400 miles.)

(Two days ago the Tokyo radio broadcast a Domei dispatch from Manila reporting that "three American planes yesterday made an unsuccessful attempt to carry out a raid on the city (of Manila) although bombs were said to have been dropped."

(Another dispatch broadcast from Tokyo and credited to the Manila correspondent of the newspaper Yomiuri said that "three airplanes belonging to the American army which were compelled to flee from their base at Cebu dropped bombs on Sunday over densely populated districts of Manila."

### May Still Have Base

(The latter dispatch suggests that the raiding planes may have flown from a base still held by the U. S. forces in the Philippines:

At Nicholas field, at Manila, the hangars were destroyed and runways damaged, the announcement said.

At Davao, in the southern part of Mindanao island, one bomber was destroyed and several were damaged; two transports were hit and one was probably sunk and two others were damaged, troop concentrations were attacked and docks and warehouses damaged.

### Transports Sunk

At Cebu, in the central group of islands where the Japanese have made their most recent attempts at occupation, three transports were sunk and two others hit. In addition there were several near misses on other vessels, three planes were shot down and several were damaged on the ground. Considerable damage.

## The Washington Merry-Go-Round

By DREW PEARSON AND ROBERT S. ALLEN

WASHINGTON — It looks as if the president will have to give Postmaster General Frank Walker the same dose of personal prodding that finally snapped Attorney General Francis Biddle out of his moon-gazing lethargy and started him cracking down on seditious operators.

A venomous flood of axis propaganda is daily going through the mails. It is no secret. Walker knows all about it. For weeks he has been bombarded with complaints from outraged citizens demanding that this subversive activity be stopped.

The Postal Inspection Service knows all about it. The oldest and one of the most efficient sleuthing agencies in the government, the Inspection Service, is itching to move in.

The Galilean, a publication put out by William Dudley Pelley, Silver Shirt leader recently arrested by the FBI on charges of sedition, finally was barred from the mails, but only after strong official pressure on Walker.

But several hundred other seditious publications continue to have free access to the U. S. mails to spread their vicious pro-axis lies and poison.

Among the worst of them are a number of foreign language papers edited by alien fascists, who are under investigation by the FBI. If he needed any information on them, Walker could get it in a few minutes by a telephone call to the Justice Department, two blocks down Pennsylvania avenue from his office.

During the World War not only were such publications barred from the mails but the Post Office Department obtained the willing co-operation of express companies to refuse to carry any matter banned by the department.

### Roosevelt's Memory

In past years when the president received the first poppy from the Veterans of Foreign Wars, opening their annual fund-raising drive for the widows and orphans of ex-service men, he took great delight in showing the little girls who presented the poppies a china donkey and elephant on his desk, and asking them which they liked best.

Sometimes, to the embarrassment of V.F.W. officials, the tots chose the elephant. This year no chances were taken. Geraldine Reynolds, five-year-old orphan of an A.E.F. veteran, was carefully coached to point to the donkey.

But Geraldine didn't get a chance to show her political astuteness. The president, perhaps for reasons of national unity, didn't put her on the spot. Instead, he gave V.F.W. officials something else to talk about—a demonstration of his remarkable memory.

When little Geraldine was perched on his desk for a picture, the president demurred: "Oh, no, that's the way we posed when I got a poppy last year. Suppose you stand down here beside me to make it different this year."

### Merry-Go-Round

On the insistence of his doctor, Federal Works Administrator Philip Fleming went to Florida to recuperate from a severe grippie attack, but that didn't keep him from working. At Boca Chica, the hideaway near Key West, discovered last year by a number of artists, writers and high federal officials, Fleming completed the details of the new military highway to Alaska . . . Following the speeches of Senators Joe Ball of Minnesota, and Alex Wiley of Wisconsin, on the anniversary of the day Norway was invaded by the Nazis, acclaiming the heroic resistance of the Norwegian people to their conquerors the Senate cloakrooms buzzed with comment over the failure of Senator Henrik Shipstead to say anything. ## Temporarily Deny Paper Use Of Mails

### 'Social Justice' Barred Pending Hearing Ordered

WASHINGTON, April 15—(P)—Social Justice, a weekly newspaper founded at Royal Oak, Mich., by Father Charles S. Coughlin, was excluded from the mails temporarily Tuesday night and a hearing ordered to determine if it should be barred altogether for alleged seditious utterances.

Postmaster General Walker announced that the hearing would be held April 29. Pending the hearing, he directed the postmaster at Royal Oak to withhold the publication from the mails until officials at Washington determine its "mailability."

Walker acted on the recommendation of Attorney General Biddle. He made public an exchange of letters in which Biddle declared that examination of Social Justice since the war began December 7, 1941, made it clear that "it has made a substantial contribution to a systematic and unscrupulous attack on the war effort of our nation, both civilian and military."

### Priest One of Founders

Officials said the Michigan corporation records showed Father Coughlin as one of the original founders of Social Justice.

It was added, however, that records do not disclose that any stock in the Social Justice publishing company, publishers of the Tabloid, is now owned by the priest. The paper lists E. Perrin Schwartz as editor, and Cora Quinlan as secretary-treasurer. Its weekly circulation was estimated at 200,000.

Father Coughlin disavowed any connection with Social Justice last July, at that time disclosing that his parents, Thomas J. and Amelia Coughlin, owned the magazine.

The famous English dramatist, George Bernard Shaw, wrote most of his plays in shorthand.

## Must Reduce Utility System

PHILADELPHIA, April 14—(P)—The securities and exchange commission today directed the billion-dollar North American company to sever its relationship with 556 companies in its vast utility system.

The drastic SEC order permits North American to retain only one of its eight major sub-holding companies, the \$273,000,000 Union Electric company of Missouri which in turn is limited in its holdings.

Included among the companies with which North American must sever its relationship are the Detroit Edison company, with assets of \$370,000,000, in which North American holds 19.2 per cent of common stock; and the Pacific Gas and Electric company and its subsidiaries with assets of \$790,000,000, in which North American holds 32.89 per cent of common shares.

North American was given a year to comply with the order to reduce its system to a single integrated utility system under the holding company of 1935.

The North American system serves more than three million customers in 17 states, California, Kansas, Missouri, Iowa, Illinois, Wisconsin, Michigan, Ohio, Delaware, Maryland, Kentucky, Oklahoma, Minnesota, Texas, Nebraska, South Dakota, Virginia and the District of Columbia.

The North American company may retain the electric operations of the Union Electric of Missouri and its subsidiaries, and businesses of the Union Colliery company and St. Louis and Belleville Electric Railway company. Retention of the gas operations of Union Electric's subsidiaries and of St.

Ted Williams, Red Sox — Hit three-run homer in first inning and collected two other hits to drive in total of five runs against Athletics.

Bob Muncie, Browns — Shut out White Sox with three hit hurling.

John Cooney, Braves — Contributed timely single and double to victory over Phils.

Les Fleming, Indians — Hit home run, double and single in debut at first base against Tigers.

Peewee Reese, Dodgers — Opened four-run first inning flurry against Giants with double and later hit two-run homer.

Max Butcher, Pirates — Stopped Reds with six-hit pitching.

Phil Cavarretta, Cubs — Hit a double and two singles to lead assault on Cardinals.

## Pull the Trigger on Constipation, with Ease for Stomach, too

When constipation brings on discomfort after meals, stomach upset, bloating, dizzy spells, gas, coated tongue, and bad breath, your stomach is probably "crying the blues" because your bowels don't move. It calls for Laxative-Senna to pull the trigger on those lazy bowels, combined with Syrup Pepsin for perfect ease to your stomach in taking. For years, many Doctors have given Laxative-Senna in their prescriptions to make medicine more agreeable to a touchy stomach. So be sure your Laxative contains Syrup Pepsin. Insist on Dr. Caldwell's Laxative-Senna combined with Syrup Pepsin. See how wonderfully the Laxative-Senna wakes up lazy nerves and muscles in your intestines to bring welcome relief from constipation. And the good old Syrup Pepsin makes this Laxative so comfortable and easy on your stomach. Even finicky children love the taste of this pleasant family Laxative. Take Dr. Caldwell's Laxative-Senna combined with Syrup Pepsin, as directed on label or as your doctor advises, and feel world's better. Get genuine Dr. Caldwell's.

## Individuals Who Should Be Recognized

### A. P. Writer Finds Many In State Who Deserve Credit

CHILLICOTHE, Mo., April 15.—(P)—Presenting this week's collection of those individuals who by their deeds and words are due honorable mention and classification among the ranks of the renowned.

Uncle Mose Hutchinson, 92, who's been a member of the First Christian church at Chillicothe 76 years. The ladies aid awarded him a potted plant.

Russell Keller who talked all of Springfield's preachers into walking to church Sundays to keep physically fit. Springfield is deep in the heart of the chicken frying country.

Edwin Haller of Boonville, who gave his 45th blood transfusion to his mother.

Gordon Clevenger of Vibbard in Ray county who ordered the brand new innerspring mattress removed from his bed and the big feather tick he'd slept on for the last 80 odd years returned.

Mayor William Dee Becker of St. Louis who declined two speaking engagements to attend a civilian defense training class. "If I miss class I won't get my arm-band," he said.

Otto Mundorf of Sikeston, who unscrewed his wooden leg to free an imprisoned mouse.

Uncle Pete Engberg, 87, of Bucklin who once heard Jesse James reprimand a cursing blacksmith: "My friend, if you cannot shoe my horse without cursing, I shall take him elsewhere."

The driver, unidentified, of the automobile that backfired and sent 750 kids scrambling for Easter eggs at Springfield, 20 minutes before the mayor was supposed to fire the starting gun.

Percy Lee of Poplar Bluff who used his tractor to help his twin sons, Bill and Bob, in the scrap iron drive and innocently pulled up a section of gas line from his mother-in-law's yard.

Three-year-old Maurice Pond of Trenton, who drove his daddy's car one block, missing a parked car, a telephone pole and a house. "I pulled and pulled on the wheel," he said, "but it wouldn't stop."

The blond waitress wearing glasses, on duty at 8:45 p. m. Friday at a Jefferson City restaurant who received a request for a date from a Fort Leonard Wood soldier, addressed just that way.

Floyd Randolph of Fredericktown whose truck was hit by a nickel plate freight train, scattering 20,000 pounds of ham trimmings along the right of way. Spectators took them home.

Mrs. Edna Cushman of Wakenada, who owns the biggest smoking pipe in Missouri. Carved by her father, the late Ben Beard, from wild cherry root, it holds four sacks of tobacco and weighs 4½ pounds.

C. O. McAhron of Golden City who tuned in on a telephone conversation by holding his ear against the springs in the living room couch. The conversation: "I've been trying to get you all day. I tried at noon and again but just couldn't get you on the phone." His wife came in then.

The little girl, unidentified, who found a wallet containing \$1,484 in a Neosho theater, returned it to the owner — and received no reward.

Mayor V. B. Hall of Monett the town which furnished beauty queens for the University of Missouri and the University of Arkansas this year. His daughter, Betty, was the Tiger queen and is due for a Hollywood screen test.

Assistant County Agent Norman R. Clizer at Columbia who's helping Boone county farmers get rid of ox warble.

Mayor James P. Harlin of West Plains who is keeping his promise to run things without any city taxes.

Superintendent Homer W. Anderson, who will close St. Louis grade schools at noon May 4, 5, 6 and 7 on account of sugar rationing registration.

The kids at Huntsville who discovered a fire in the school house and resisted the temptation to keep it a secret.

Mrs. Mary Manley of Knoxville who found a big black bug with a yellow "V" on its back.

Don Toomay of Kingston, who rolled his on-the-firm automobile from his burning garage — but forgot the tires — all five of them — hanging up on the wall.

And . . . the Springfield firemen, who besides answering 165 alarms last month, washed the dust off College street, rescued a cat, put up a radio aerial, stopped a leaky refrigerator, took down a Beauty Shop sign and kept the flag on public square untangled on windy days.

There is nothing but praise for the men who have so ably conducted an epic chapter in the history of the Philippines. Secretary of War Henry L. Stimson, after fall of Bataan.

## College Track Over Missouri

ST. LOUIS, April 15.—(P)—The Missouri School of Mines and Washington University split even in a two-sport carnival yesterday, with the Miners taking the track and field meet, 76½ to 54½. The Bears' tennis team gained a 5 to 1 victory.

LEXINGTON, Mo., April 15.—(P)—Counting 89½ points, Wentworth Military Academy won a quadrangular track and field meet yesterday over Chillicothe Business College, 33; Trenton Junior College, 23, and St. Joseph Junior College, 13½ points.

MARSHALL, Mo., April 15.—(P)—By a 68½ to 64½ score, Kemper Military Academy yesterday won a dual track and field meet from Missouri Valley College.

## Sports Roundup

BY HUGH FULLERTON, JR.  
Wide World Sports Columnist

NEW YORK, April 15.—Judging by yesterday's crowds, the war hasn't made people forget about baseball. Judge Landis has served notice on all baseball leagues to do everything they can to stop gambling in their parks . . . and for guys outside, we'd say don't bet that your favorite player won't be in the army before world series time . . .

**Season's Greetings**  
Ted Williams, telling his side of it to Bill Cunningham for a magazine piece, says that he hears every boo, even if most of the crowd is cheering him . . . that homer yesterday probably saved his ears a lot; and now all he has to do is hit .406 again . . .

Pennant tip (maybe): Frank Y. Grayson of the Cincinnati Times Star had the berth across from Bill McKechnie when the Reds were coming north. He reports Bill kept him awake by shouting "I give up."

## Professional Plug

HOUSTON (Tex.) sports writers are responsible for that city's month-long War Bond bowling tournament, which a lot of other cities might do well to copy. It drew 1,728 singles entries—second only to the A. B. C. list in size, and when it ends, the winners will collect more than \$2,000 in War Bonds and stamps. It's a handicapped event with a \$1 entry fee. Seven bowling establishments are giving their alleys free for the tourney.

## United States Air Force Makes Smashing Attack On Japanese Occupied Philippine Islands

(Continued From Page One) also was done to the docks. (The bases from which the United States air forces delivered the widespread and telling blows in such surprise fashion were not disclosed at once.)

(There are some 7,000 islands in the Philippines, and only a few of them have been occupied by the Japanese. To attack from Australia, nearest known bases of the Americans, the planes would have had to fly 2,000 miles to reach Manila and 1,400 miles to reach Davao.)

(Whether the raiding force was sprung from Australia, the Philippines or some other base it was the first striking action to make good Gen. MacArthur's declaration upon his arrival in Australia from the Philippines less than a month ago "I came through and I will return.")

By ROGER D. GREENE  
Associated Press War Editor  
Tokyo naval quarters asserted today that Japanese warships operating close to the shores of India had sunk 15 large merchant ships in less than an hour in a surprise attack April 6 on a British convoy, while on the critical Burma war front, British and Chinese troops again were forced to retreat.

British headquarters conceded that Japanese invasion columns were now within 30 miles of the heart of the central Burma oil fields, chief source of China's oil supplies.

"Yesterday enemy pressure was increased over the whole front and fierce fighting was taking place," a British communiqué said.

**Close To Coast**  
In Tokyo, a Japanese naval commander declared the Japanese warships boldly sailed so close to the Indian coast that the sailors could see hills and white forts in

On The . . .

## Brighter Side

## Old Stuff

**SOUTH BEND, Ind.**—William Hutchins wondered if the war had come to his doorstep. He was raking his backyard when he turned up a hand grenade, and quickly called police.

A police bomb expert assured him the grenade was a dud and probably came from the last war, not this one.

## Slight Mistake

**INDIANAPOLIS**—Mrs. Pearl Prout and her three children became ill after supper.

Police asked her what they had eaten and she told them a cake she'd baked with some sour milk a relative had left.

They looked at what was left in the bottle from which Mrs. Prout said she had got the milk. It was liquid floor wax.

## Just Reward

**MIAMI, Fla.**—The army offered an unusual bonus plan for hard work. The five men at the top of their aviation school class were named judges for a "Miss Greater Miami" contest.

They picked 18-year-old Leona Frederick, blonde, blue eyed high school senior, and she'll be sent to Atlantic City for the national contest in September.

closing in on the big British convoy.

The eye-witness account said convoy officers apparently mistook the raiders for a British naval unit and that the Japanese men of war moved in until the 8-inch guns on the decks of the British ships were clearly visible, then opened fire.

Aside from the heavy blow to British shipping, the attack emphasized anew Prime Minister Churchill's statement that Japan now virtually controls the vital waters of the Indian ocean—in a position either to prey on allied supply lines or to attempt a sea-borne invasion of India.

## Tokyo Report

In the Philippines, a Tokyo broadcast said, Japanese bombers and heavy artillery on the Bataan coast joined in a violent bombardment of siege bound Corregidor island fortress, in Manila bay silencing an American battery and seriously damaging fortifications.

The broadcast also asserted that "enemy remnants fleeing from the vicinity of Cebu city," in the central Philippines, 250 miles south of Manila, had been bombed and machine gunned by Japanese warplanes.

Washington reports, however, said scattered bands of American and Filipino troops were waging steady brush warfare against the Japanese invaders to keep as many as possible engaged in the Philippine area.

## Successful In Luzon

American-Filipino troops were said to have carried out successful raids against Japanese positions in the mountains of northern Luzon island, and 600 miles to the south another raiding party ambushed a Japanese truck column and inflicted heavy casualties.

## Early Grain Advances Were Erased Later

**CHICAGO, April 15.**—(AP)—Favorable weather conditions for the new crop, prospects for a letup in demand for feedstuffs because of improved pasture and a disappointing demand for wheat from millers resulted in a reduced volume of trading after midsession today and parts of earlier price advances were erased.

Wheat, rye and soybeans advanced a cent at times and corn and oats were up about ½ cent, but extreme gains were not maintained.

Wheat closed ¾¢ to ¾¢ cents higher than Tuesday, May \$1.21½ to \$1.21½; July \$1.23½; corn was unchanged to ½ cent up, May 56¢ to 57½¢; July 58½¢ to 59½¢; oats and rye gained ¼¢ to ½ cent; soybeans rose ¾¢ to ¾¢ cent and land was unchanged at ceiling limits.

## Stock Prices Steady To Shade Higher

**NEW YORK, April 15.**—(AP)—Stocks sold at prices which ranged from steady to a shade higher today. As the market session drew to a close most of Tuesday's weakness appeared to have been checked and many of the list's usual leaders had recorded small gains. There were still a few small losers here and there, however.

In the advancing column were such important issues as U. S. Steel, General Motors, Chrysler, U. S. Rubber, Woolworth, International Harvester, Boeing, Douglas, American Telephone, Westinghouse, Du Pont and Santa Fe. Allied Chemical, Eastman Kodak and J. C. Case were among losers of 1 to 2 or so, some to new lows.

## Treatment For Burns From War Bombs

## Methods Used Described Before Industrial Doctors

BY STEPHEN J. McDONOUGH

**CINCINNATI, April 15.**—(P)—Two revolutionary types of treatment for burns from incendiary bombs were described today before the American Association of Industrial Physicians and Surgeons.

Both violate most previous rules for treatment of burns.

Dr. F. A. Barlow of the Wright Aeronautical Corporation, Paterson, N. J., described them to an association symposium on bomb injuries.

In treating burns from magnesium—the metal used in flares, photographers' flash bulbs and some types of bombs—the victims are painted like an Easter egg. Dr. Barlow declared his treatment of a number of such cases after industrial accidents produced excellent results.

**Dye Is Applied**  
The burned patient is given anesthesia immediately; burned tissue is removed and the area washed. A mixture of violet, brilliant green and purple dye is applied over the entire area, which is then wrapped in bandages.

Sometimes sulfadiazine, a sulfonamide derivative, is used to help check infection, but the dyes themselves have been found not only to kill germs associated with such wounds, but to stop pain and provide a healing effect, Dr. Barlow declared.

In addition, pressure on the burned part has been found to stimulate healing, he added. This was discovered when men with badly burned backs insisted on sleeping on their backs instead of stomachs after the dye treatment; and the burned parts which were under pressure healed more quickly. The physician suggested that compresses, preferably of sponge rubber, be bound around any burned area after treatment.

**Immersion Used**  
Recently Dr. Barlow treated burns caused by phosphorus (also used in incendiary bombs) by immediate immersion of the burned part, or the whole body, in water heated to about 15 degrees above body temperature.

This gave almost immediate relief, he declared, particularly to a fireman badly burned while demonstrating methods of putting out a phosphorus bomb. Cold water aggravated pain of such burns, he added.

The second stage in treating phosphorus burns is direct application of a solution of copper sulfate, a common chemical, in water. This produces a chemical reaction which stops the burning action of the phosphorus in the body tissues, and forms crystals that can be washed off or picked away while the burned area is still under water.

strengthened. Japan is believed to be exerting on Vichy the same sort of pressure which won her effective control of Indo-China last year.

Martinique and Guadeloupe, there have been repeated rumors that these French islands, in the windward group flanking the Panama Canal, are the sites of secret submarine bases. Should henchmen of Laval gain control, it is felt that the United States would have to take vigorous action.

American or American-supported Free French occupation of the islands would be no surprise to Washington observers.

## Jefferson School Carnival Tonight

The Jefferson school Parent-Teacher association will present its annual carnival tonight at 7:45. A very entertaining program is planned. The main show will include the champion intra-mural one-act play by the high school freshmen, the Missouri Pacific Buzz Sawyers, a reading by Miss Zepora Wasserman, and a number by Miss Lillian Hurley's dancers.

The boy and girl selling the most tickets will be crowned king and queen of the carnival and an election of the most popular girl and the most hen-pecked husband will be held.

Among the various side-shows will be the trained dog, silhouette room, fish pond, ventriloquist, fortune teller, museum, crazy house and freak house.

She is now employed in the office of System Mills, Inc. Mr. Hammond also attended the

## 3 WAYS YOU CAN HELP AMERICA WIN

Every American housewife today has a job to do on the "home front." Here are a few of the ways you can help!

**SAVE FOOD**  
Cook foods in their skins whenever possible.

Roast at low temperature in your gas oven and reduce meat shrinkage.

Plan at least one casserole dish a week to use left-overs.

**SAVE VITAMINS**  
Use very little water in cooking vegetables and cook only until "tender crisp."

Bring to boil quickly over high gas flame, then turn flame down and boil gently.

Use covered utensil to keep steam in. Do not add soda.

**SAVE FUEL**  
Make full use of your gas oven or broiler by planning complete oven or broiler meals. Do not preheat your gas oven or broiler too long. Cold start is possible, if preheated. Avoid using small pans on large or giant burners.

public schools of Pettis county and graduated from Smith-Cotton in 1940. He has since been associated with his father in farming. The couple will make their home at 1819 South Stewart, Sedalia.

Saturday evening, April 11, the couple were most pleasantly surprised by the neighbors of the Hopewell community at the home of Mr. and Mrs. Lewis Hammond. The party was arranged by Miss Mary Elizabeth Williams and refreshments were served to one hundred and five guests. The couple received many lovely and useful gifts.

The Junior Garden club met at the home of Allene Hall last Saturday afternoon with eight members attending. "Garden Pests" and "My Favorite Flower" were the topics discussed, after which a dessert luncheon was served.

The next meeting will be a hike, picnic and wild flower study at the home of Mary Ruth Booth, rural route 3.

The Thursday club quilted last Friday at the Lowell Reavis home, near LaMonte, with Mrs. Wharton and Mrs. Leonard Reavis, hostesses.

Mr. and Mrs. J. A. Snapp, relatives and friends, gathered for a reunion at the Snapp home in Windsor Sunday.

Those present were Mrs. Roy Miller, Blockfoot, Ida.; Mrs. O. S. Paxton, Mr. and Mrs. Pete Paxton and daughter of Leeton, Mo.; Mr. and Mrs. Emory Gunn, Mr. and Mrs. Clarence Goldsmith and son, all of Windsor; Mr. and Mrs. David F. Wear and family of Green Ridge and Mr. and Mrs. Snapp and sons.

## Church Events

The J.O.C. class of the Fifth Street Methodist church will meet at the home of Mrs. Carrie Warren, 1510 South Montauk avenue, at 2:30 o'clock Thursday afternoon.

After the business session a social hour will be enjoyed.

## Cracking Down On Meat Markets

JEFFERSON CITY, April 15—(AP)—The State Health Department is cracking down on Missouri's meat markets to prevent the increase of adulteration which often accompanies price booms.

In a recent order "to all butchers," Food and Drug Supervisor W. D. Cruce said: "Numerous complaints from every section of the state are being received by this office of the flagrant violation of the statutes pertaining to the adulteration of food."

"It seems to be a common practice of meat markets throughout the state to add various substances to hamburger and other ground meat for the purpose of coloring and preserving the same. x x x This will be construed to be a violation and as such will be prosecuted."

Cruce said "I took over this office only last summer, and it is

difficult for me to tell if there has been any marked increase in food adulteration or misbranding as a result of war-time scarcities and price hikes.

"However, since last summer we have condemned 40,000 pounds of inedible poultry, 200 tons of canned goods, two car loads of flour, and 314,000 pounds of defective food and drugs."

The food and drug division has a 16-man staff, which not only is charged with enforcing pure food and drug laws, but with inspection of hotels, tourist cabins and restaurants.

## I found the way to new pep... vitality... better looks!

A truly marvelous change can be brought about by overcoming miserable digestive complaints, under-weight, sluggishness, loss of appetite—all by two important steps—

● Restore vital digestive juices in the stomach... energize your body with rich, red blood!

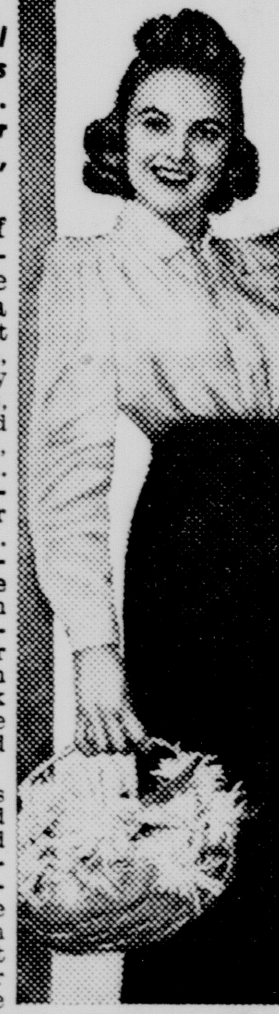

If you are one of those unfortunate ones who have worked under a strain, failed to eat the proper foods, have been vexed by overtaxing worries, or have suffered with colds, the flu, or other illness... yet have no organic trouble or local infection... and your red-blood-cells have become reduced in vitality and number... if your stomach digestion refuses to work properly, then here is what should help you!

S.S.S. Tonic is especially designed to build up blood strength when deficient... to revive and stimulate those stomach juices which digest the food so your body can make proper use of it in rebuilding worn-out tissue. These two important results enable you to enjoy the food you do eat... to make use of it as Nature intended. Thus you may get new vitality... become animated... more attractive!

**Build sturdy health**

# Court Decides IN FAVOR OF Royal Crown Cola

## DISMISSED!

► That was the Court's answer, just a few days ago, to each and every charge made against Royal Crown Cola by our largest competitor, who claimed the sole right to use the word "cola" as part of the name of a drink.

The Court recognized that cola has been used in various ways for many generations, and that the word "cola" is the generic term for a type of beverages known as "cola drinks," of which there are many.

For 35 years, we have been making cola drinks. In 1934 we introduced Royal Crown Cola in a bottle that gave not one, but two full glasses for 5¢. Folks liked getting more for their money.

And even more important—people said it was the best-tasting cola. Impartial group taste-tests of the nation's best-known colas have been continuously conducted throughout the country. Royal Crown Cola has won 5 out of 6 of these tests.

ROYAL CROWN COLA IS TRULY "BEST BY TASTE-TEST."

To you, the Court's decision means you can continue to buy whichever cola your taste prefers and, if you choose, you can get not one, but two full glasses for your nickel.

To us, the decision means adjudication of our fair dealing, clean competition, and the fact that Royal Crown Cola is sold on merit alone.

## QUALITY THAT'S "BEST BY TASTE-TEST"!

► The highest grades of sugar are required in making Royal Crown Cola. Our Government has found it necessary to control the distribution and use of sugar. With this and all other conservation measures we are happy to cooperate.

AND WE PROMISE TO KEEP THE QUALITY OF ROYAL CROWN COLA "BEST BY TASTE-TEST."

## Knob Noster

By MRS. F. KENDRICK

Clyde Guenther, high school teacher, has been granted a second deferment by the Lafayette county selective service board, at the request of the Knob Noster board of education. Guenther will be allowed to finish the school year before being called to service.

Mrs. Robert Nicholson, of Taft, Calif., former resident of Knob Noster, visited friends here Wednesday.

Members of the Friendship and Loyal Women's Sunday school class of the Christian church met at the home of Mrs. Earl Sappington Wednesday. The day was spent sewing for the Red Cross.

Mrs. A. C. Adams was hostess to the bridge club at her home in the park area Thursday afternoon. There were three tables of players. Mrs. Harry McIntosh of Warrensburg, Mrs. Richard Thurston and Mrs. W. V. Richeson played substitute hands. Mrs. Joe Thompson received high score award, and Mrs. C. S. Elliott received the traveling award.

The speech class of the high school sponsored a declamation contest in the school auditorium Tuesday night. Eileen Kendrick received first place on her reading "White Lilacs." Second place was awarded to Roberts Roberts who read "The Yanks Are Coming." Helen Sue Bobbitt, placed third with "Junior Takes Castor O-i-l." Leon Lay won first place in the boys' division with his reading "College For Crooks." Chester Chalfant won second with "Education Against Crime."

Miss Rena Ray attended the Missouri Association for social welfare meeting in Columbia on Thursday, Friday and Saturday.

Louis P. Lay, cashier of the Bank of Knob Noster, was elected mayor of this city Tuesday, to serve out the unexpired term of John O. Beatty, who resigned. The aldermen chosen are: Dudley Saults, first ward, and Earl Turner, second ward. H. A. Wimer and O. W. Peithman were elected directors on the school board.

Mrs. Ray Kelly, a registered Red Cross nurse, is instructing a Red Cross course in home nursing for the members of the Girl Scout troop, at her home on Tuesday evenings. Miss Julia Jenner and Miss Mary Beth Williams, scout leaders, are also taking the course.

Mrs. Ed Sartin underwent an operation at the Halstead hospital in Halstead, Kas., Wednesday. Her daughter, Miss Hazel Martin, of Kansas City, is with her.

The A. M. C. Sunday school class of the Christian church held an all-day meeting at the church Wednesday. Devotionals were led by Mrs. Rayburn Dewes. Mrs. H. A. Wimer, president, was in charge of the business meeting.

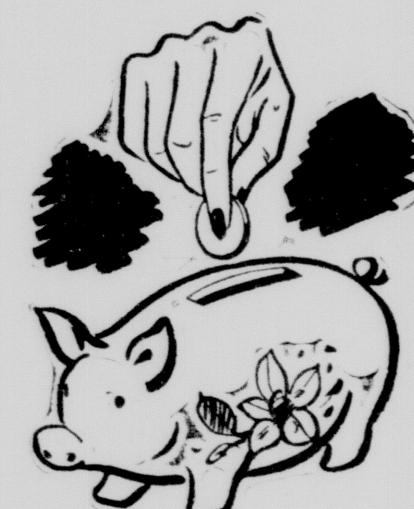

Mrs. Ella Hatten visited for several days last week with Mr. and Mrs. Stanton Elliott in Warrensburg.

## Negro Woman Dies At Home Today

Mrs. Marie Harper, wife of Nathaniel Harper, 619 North Lamine died at 5 o'clock this morning following a lingering illness.

She also is survived by one son, Hubert Cole, of Chicago, one sister, Mrs. Clifford Whitney of Sedalia; and three brothers Ben and Will Henderson, Lexington and John Henderson of Liberty, Mo.

The body is at the Ferguson Funeral Home. Arrangements for services have not been completed.

*It's Patriotic to be THRIFTY*

A penny saved is a penny for a defense stamp! Your gas range will be a helpful ally in your campaign against waste if you follow these simple rules:

DO plan complete oven and broiler meals, so that gas is not used for just one food such as a cake or chops.

DON'T preheat your oven or broiler too long. Remember gas is fast. Cold start is possible, if you prefer.

DON'T heat any more water in the kettle than necessary. The speedy gas flame will heat it quickly next time you need it.

IT'S wise to measure garments before laundering: from arm pit to cuff, from center of collar to hem, and width of waist. Then follow the measurements in shaping while ironing. You'll save time and money by such care!

Then put those thrift-wise coins into U. S. SAVINGS STAMPS. Don't forget to suggest that your husband make every pay day a savings day in the name of freedom.

## Musical Program At Junior High School

A musical program was presented at the junior high school assembly at Smith-Cotton this morning. The mixed chorus and the girls' glee club under the direction of Burney Morris, sang several numbers.

A chorus from Mark Twain school under the direction of Miss Marian Snell, also sang several numbers.

Tiger Track  
Squad Wins  
Marshall MeetSmith-Cotton Team  
Stops Owls In  
Majority Of Events

Smith-Cotton high school's track squad proved its top athletic ability on Tuesday by taking over the dual meet held in Marshall by a score of 88 to 36. Five points were awarded for first, three points for second and one point for third in the day's contests.

Harry Naugel and Don Lamm were left at home by Coach Davidson, because they have already made their letters and he does not want to burn them out before the real tests come this spring in the C. B. C. meet at Chillicothe, the William Jewell meet, the Central Missouri Conference, and the state meet at Columbia.

## Walter High Point Man

Charles Walter was high point man with three firsts and was on the winning relay team.

Two football players, Frank Meyers and J. W. Rissler who are out for track to help the team—did just what they are out for.

Danny Van Dyne received an injury to his wrist when he spiked himself.

Walters of Sedalia placed first in the high hurdle contest. Shea was second and the Marshall Owls came in third. The time was 16.3 seconds.

In the pole vaulting, Anderson and Van Dyne tied for first place, with an identical height of 10 feet and three inches.

Ellis won first in the mile run. Cook placed second.

## Owls In Shot Put

The Marshall team hurled the shot put the greatest distance taking first and second, and placing Gardner of Sedalia third in that division.

A Marshall Owl boy also won the 440 yard race, with a timing of 55 seconds flat. Wills and Miers placed second and third for the Sedalia side of the scoreboard.

Cain of Sedalia took the 100 yard dash with a timing of 10.9 seconds. Marshall was second.

In the 220 yard dash, Cain again pushed back the Owls to bring the Smith-Cotton score up. Marshall won second place, and Stephens of Sedalia third. Cain's time was 24.9 seconds.

## Discus By Locals

Biggs of Sedalia won the discus throw with a distance of 114 feet and five inches. Young of Sedalia was second.

Stephens of the local Tigers came through the high jump with flying colors, leaping five feet and five inches. Walters, also of Sedalia, was second.

Walters speeded over the 200 yard low hurdle course in 25.5 seconds, with Shea of Sedalia fol-

lowing and Linsey of Marshall third.

In the broad jump, Walters again placed first. Marshall was second and Stephens won third. Walters made a jump of 20 feet and one inch.

Sedalia brought the meet to a close with the score completely on its side, with 880 yard relay and medley relay. In the former event, the Tigers cooperated to win in one minute, 39.7 seconds. In the medley relay contest, the local squad took over the laurels with a timing of one minute, 47.2 seconds.

NBA Lists  
'Logicals' For  
Fight CrownConn-Pastor Are  
Tentatively Picked  
For Louis Bouts

WASHINGTON, April 15.—(AP)—Billy Conn and Bob Pastor, the two fighters tentatively scheduled to tangle with Joe Louis before the coming summer ends, were listed as the "logical contenders" for the heavyweight championship today in the National Boxing Association's new quarterly rankings.

Chief chances in other divisions found Jimmy Bivins, Cleveland Negro who recently outpointed light-heavyweight boss Gus Lesnevich, moving into the challengers' set among the 175-pounders along with Billy Soose, Booker Beckwith and Ken Overlin; Tony Martin of Milwaukee joining Georgia Abrams as logical contenders for Tony Zale's middleweight crown; Charley Burley of Pittsburgh and California Jackie Wilson ranked among leading welterweight challengers; Allie Stolz, Newark youngster who meets Sammy Angott for the light weight crown May 15 moving up to a contender's spot in that division, and Charley (Lulu) Costantino, New York unbeaten in 55 professional starts, skyrocketing among the featherweight contenders.

## Class Weight Leaders

The leading rankings in each weight class, as announced by NBA President Abe Greene and Fred Saddy of Milwaukee, chairman of the championship committee:

Heavyweights—Champion, Joe Louis; logical contenders, Billy Conn, Pittsburgh and Bob Pastor, New York.

Light-heavyweights—Champion, Gus Lesnevich, Cliffsides, N. J.; logical contenders, Jimmy Bivins, Cleveland Billy Soose, Farrell, Pa. Booker Beckwith, Chicago; Ken Overlin, Washington.

Middleweights—Champion, Tony Zale, Gary, Ind.; logical contenders, George Abrams, Washington; Tony Martin, Milwaukee.

Welterweights—Champion, Freddie (Red) Cochrane, Elizabeth, N. J.; logical contenders, Ray Robinson, New York; California Jackie Wilson, Los Angeles; Charley Burley, Pittsburgh, and Young Kid McCoy, Detroit.

Lightweights—Champion, Sammy Angott, Washington, Pa., and Louisville, Ky.; logical contenders, Bob Montgomery, Philadelphia; Lenny Mancini, Cleveland; Allie Stolz, Newark, N. J.

Featherweights—Champion, Pittsburgh Jackie Wilson; logical contenders, Chalky Wright, Los Angeles (recognized as champion in New York State); Charles (Lulu) Costantino, New York; Jackie Callura, Toronto.

Bantamweights—Champion, Lou Salica, Brooklyn; logical contenders, Kue Kong Young, Honolulu; Manuel Ortiz, Los Angeles; Tony Olivera, Los Angeles.

Flyweights—Champion, Little Dado, Manila; logical contender, Jackie Patterson, England.

Texas-Missourian Leads  
In Bowling Congress

COLUMBUS, O., April 15.—(AP)—Nelson Burton, handsome six-foot ten-pen toppler from St. Louis who currently leads the American Bowling Congress singles with 746—an average of 248—has some peculiar and enlightening ideas about the kegling game.

Transplanted from Texas to Missouri, Burton opines in his Lone Star brawl that he's willing to bowl any one, any time, any place—for any amount.

He gets few takers—because of his 204 average for the 63 games of his last seven trips to the A. B. C. and his 216 average for the last two.

They're not fooled by his nickname—"Nellie."

AAU Boxing  
Finals To Be  
Held FridayPrivate Campbell and  
Joey Aguilar The  
Only K C Survivors

By BILL KING  
BOSTON, April 15.—(AP)—The 32 more or less battered survivors of the first two rounds of the National A. A. U. boxing championship tournament today received a 48-hours' respite from their

title quests for the first time in the competition's long history.

The victors, representing 17 sectional associations, next will be called upon for the semi-final contests Friday night.

## Champion Is Out

The tourney's only defending titlist, Jimmy Mulligan, the Lowell, Mass., schoolboy, dropped a divided decision to Ursal Snapp, a rugged Pocahontas, Idaho, middleweight.

This turned the 160-pound division into a wide open affair, for the other three successful quarter-finalists, Walter Jones of Cincinnati, Private Merrill Campbell of Fort Leavenworth, Kas., and Samson Powell of Cleveland, appear equally skillful and dangerous.

Four other Clevelanders also

gained the semi-finals, a bracket that contained a total of 20 mid-westerns. The St. Louis team supplied four winners and the Hammond, Ind., forces made the third best showing by qualifying three representatives for Friday's bouts. Boston, Washington, Lackawanna, N. Y., Little Rock, Ark., and New Orleans each kept two battlers in the running.

One collegian in the starting field of 85, Windy Morris, a 147-pounder from Arkansas Tech, remained in the tourney by besting Nick Latsios, another capable Washington battler, with a sparkling closing drive.

Joe Aguilar, Kansas City flyweight, advanced to the semi-finals along with Private Campbell, both who fought in the Gold-

en Gloves in Kansas City last February.

# FRANTIC WEEKEND

BY EDMUND FANCOTT

COPYRIGHT, 1942, NEA SERVICE, INC.

## CHAPTER I

MYRA MACK had spent two days on the lake shore near Montreal. It was not a pleasant thought to be facing the city, hot and humid, the office, stuffy and bristling with Monday problems, after a cool, indolent weekend.

She waited on the open wooden platform of the railway station in the freshness of the morning and examined the faces of commuters about her. All of them seemed to share her mood; none seemed to be overly pleased with the thought of the new week ahead of them.

There was not a cloud in the calm, distant blueness of the sky above and the day already promised heat. Some of the men dressed for the conventions of office work were beginning to show signs of discomfort—an askew tie, a wilted collar, creases in summer suits already failing. There were several glances of envy at the one girl who looked particularly julep-cool and comfortable.

The girl was not Myra Mack. Men she did not know were not in the habit of looking twice at Myra Mack, and she did nothing to attract them with gay or ultrachic clothes. She dressed always with the impersonal neatness and simplicity that men would not notice either unfavorably or with a flicker of interest. It was bad enough to have to look at her own face in the mirror, she would say with a wry grin, without sending up flares that attracted the attention of strangers to it. And while her modesty and Irish humor lent exaggeration to the statement, it was true her bright Irish face had no single lien on beauty.

That did not apply to the other girl on the platform.

She had obviously been born for such willing summer days as this, just to refresh the faded eyes of Monday morning commuters. Nor was she unconscious of her mission in life. A neat and impudent fluff of straw hat and veiling sat upon the bronzed waves of her hair as though it had been created with supreme art for that very moment of a sunny morning. Her flowered silk dress, floating like many-colored mists from her slim waist and about her long legs, conspired with the breeze to draw the eyes of sober train-waiters, reminding them that the week of work ahead was a mockery when there was so much concentrated loveliness in the world to feast the eyes upon.

MYRA MACK'S critical gaze checked each flawless detail of the other girl's appearance with the cool calculation of any shrewd woman appraising another. The pattern, the casual pose, were perfect.

With no consciousness of expressing her thoughts aloud she spoke her admiration.

"That," said Myra, "is something!"

Then she turned sharply to meet the echo just behind her left ear. "You've said it!" There was such fervor in the male voice that Myra reached for the same intensity in the soldier's eyes, and found it there.

He was in battle dress but on

Illustrated by George Scarbo

"Look at those lips," said the soldier as though he had known Myra all his life. "I am looking," said Myra. "They look as if they had been put on with a rubber stamp."

his shoulders were the pips of a lieutenant.

"Look at the eyes," he said in a low voice.

"I am looking," said Myra. "She uses mascara. Too much for a face like that."

"Look at those lips," said the soldier as though he had known Myra all his life.

"I am looking," said Myra. "She's crazy. She hasn't any sense. They look as if they had been put on with a rubber stamp." She sighed. "No, she shouldn't do that. It's too much."

The soldier nodded in agreement. "But she still looks like Spring Song and the Wedding March to me."

Myra shook her head. "That's the worst of men. They fall flat at the first imitation of a magazine cover they see."

At that moment the train clattered into the station with clouds of gray smoke soiling the summer morning and a flood of noise drowning out voices.

It subsided to a stop and there was a general movement channeling the waiting passengers to the doors of carriages.

Forgetting the girl and the strange soldier Myra climbed up between a middle-aged stock broker and a plump salesman and found a window seat in the smoker. To her surprise the officer dropped into the seat by her side.

"You are wrong," he said. "Have a cigarette?"

"Thanks," said Myra. "But I don't smoke until after breakfast."

If Myra Mack lacked any pretensions to formal beauty she had ceased to regret it. She had found that it had some advantages. The pleasant kind of men could speak to her without formality and without any fear of being suspected of ulterior motives. There was something about her that inspired confidence and nothing that would make them speak to her with other than the easy respect they reserved for favorite aunts. That was her misfortune, felt Myra, but one that had compensations.

SHE accepted the presence of the officer by her side with resignation. She glanced at his face and decided that she was glad that he

posed four ways to relieve the pressing problem of new clothes for your little girl! First, a frock with buttons down the front in an eye pleasing style. Next a cunning pair of overalls, then a brief cool romper suit plus a bonnet for dress-up days! Each piece simplified to the limit for the average home dressmaker, each piece nevertheless part of a very attractive set of summertime play clothes! Make this in low cost cottons with no lace for decoration.

## Mind Your Manners

Test your knowledge of correct social usage by answering the following questions, then checking against the authoritative answers below:

1. Should one guest at a private party confide to another, "I didn't want to come tonight, but I didn't know how to get out of it?"
2. Is it good manners to criticize the food served you when you were the guest in someone's home?
3. Should one guest gossip about her hostess to another guest?
4. Should one guest criticize her hostess's taste in decoration to another guest?
5. When a man gives a stag party should his wife put in an appearance?

What would you do if—  
You put in a long-distance telephone call in a friend's home, and when you offer to pay the charges, the host protests—  
(a) Pay for the call, even if you have to leave the money on the telephone table?  
(b) Say "Thank you" to your host and let it go at that?

## About Scarabs

The Egyptians regarded the scarab beetle as the emblem of resurrection and immortality, the insect emerging and flying from the mummy. Scarabs frequently were buried with the dead.

Nearly 6,000,000 automobile tires are sold in the United States annually at a value of more than \$450,000,000.

## Canoe History

Canoes might never have come into existence had it not been for birch trees. The Indians contributed this mode of travel to American civilization.

The largest, heaviest and most peculiar nests in the world are to be found in Australia. These are built by the jungle owl in the form of great mounds about 15 feet high and 150 feet around.
